

Attention Fellow Tax-Payers

The South Eastern School District wants to open up the back entrance to Kennard-Dale High School and use it full time for students and faculty.

You know which one; the one that we were all told that would only be used for emergency use.

Well - they seem to be trying to pull a fast one on us. It is in the plans to pay for improvements to Thompson Road from the entrance to the school all the way to Market Street ...

with our School Tax money!

ENOUGH IS ENOUGH!

Spending this money does nothing for educating our children.

This is setting us up for the six million dollar stadium planned for Thompson Road.

Are you tired of keeping up with other school districts?

Someone is going to be killed on Thompson Road if this goes through.

If you agree with me that this is just wrong, go to the website below and sign the petition.

Donation to that website is not necessary.

Or stop by my house and sign the petition in person @ 18 Kunkle Road

Then come to the School Board Meeting December 6th and support us in saying NO!!
